Are you looking for ways to make money from your phone? If so, you're not alone. Millions of people are turning to their smartphones to earn extra income. And with the right strategies, you can too.

In this article, we'll share 12 ways to earn 100 day from your phone in 2024. These methods are all legitimate and can be done from anywhere with an internet connection.

So what are you waiting for? Start earning today!

1. Take surveys

One of the easiest ways to make money from your phone is to take surveys. There are a number of apps and websites that will pay you for

your opinions. Some of the most popular survey apps include Swagbucks, InboxDollars, and Survey Junkie.

The amount of money you can make taking surveys will vary depending on the length and complexity of the surveys. However, most surveys pay between \$0.50 and \$5.00.

2. Watch videos

Another easy way to make money from your phone is to watch videos. There are a number of apps and websites that will pay you to watch videos. Some of the most popular video-watching apps include Swagbucks, InboxDollars, and MyPoints.

The amount of money you can make watching videos will vary depending on the length and complexity of the videos. However, most videos pay between \$0.01 and \$0.10.

3. Play games

If you enjoy playing games, you can make money from your phone by playing games. There are a number of apps and websites that will pay you to play games. Some of the most popular game-playing apps include Swagbucks, InboxDollars, and Mistplay.

The amount of money you can make playing games will vary depending on the games you play and how well you play them. However, most games pay between \$0.01 and \$0.50 per game.

4. Shop online

You can also make money from your phone by shopping online. There are a number of apps and websites that will give you cash back or discounts on your purchases. Some of the most popular shopping apps include Rakuten, Ibotta, and Honey.

The amount of money you can make shopping online will vary depending on the stores you shop at and the items you purchase. However, most shopping apps give you between 1% and 10% cash back on your purchases.

5. Sell your unwanted items

If you have unwanted items lying around the house, you can sell them online and make some extra money. There are a number of apps and websites that allow you to sell your unwanted items, such as eBay, Craigslist, and Facebook Marketplace.

The amount of money you can make selling your unwanted items will vary depending on the items you sell and their condition. However, you can usually expect to get a fair price for your items.

6. Rent out your car

If you have a car that you don't use very often, you can rent it out and make some extra money. There are a number of apps and websites that allow you to rent out your car, such as Turo, Getaround, and HyreCar.

The amount of money you can make renting out your car will vary depending on the make and model of your car, as well as the location where you live. However, you can usually expect to make between \$25 and \$50 per day for renting out your car.

7. Deliver food

If you have a car and some free time, you can make money by delivering food. There are a number of apps and websites that allow you to deliver food, such as Uber Eats, Grubhub, and DoorDash.

The amount of money you can make delivering food will vary depending on the app you use, the location where you live, and the number of hours you work. However, you can usually expect to make between \$15 and \$25 per hour for delivering food.

8. Become a virtual assistant

If you have good organizational and communication skills, you can become a virtual assistant and make money from your phone. Virtual assistants provide administrative, technical, and creative assistance to businesses and individuals.

The amount of money you can make as a virtual assistant will vary depending on your skills and experience. However, you can usually expect to make between \$15 and \$50 per hour for your services.

9. Teach online courses

If you have expertise in a particular subject, you can teach online courses and make money from your phone. There are a number of platforms that allow you to create and sell online courses, such as Udemy, Coursera, and Skillshare.

The amount of money you can make teaching online courses will vary depending on the subject, the quality of your course, and the amount of

time you put into marketing your course. However, you can usually expect to make between \$100 and \$1,000 per course.

10. Write ebooks

If you have a knack for writing, you can make money from your phone by writing ebooks. You can self-publish your ebooks on platforms like Amazon Kindle Direct Publishing and Barnes & Noble Nook Press.

The amount of money you can make writing ebooks will vary depending on the quality of your book, the price you set for your book, and the amount of time you put into marketing your book. However, you can usually expect to make between \$0.50 and \$5.00 per ebook sold.

11. Create an app

If you have programming skills, you can make money from your phone by creating an app. You can sell your app on platforms like the App Store and Google Play.

The amount of money you can make creating an app will vary depending on the quality of your app, the
