A Skeptic's Journey

Becker grew up in a secular household, and she never considered herself to be a religious person. But when she was in her early twenties, she began to experience a series of unexplainable events that challenged her beliefs.

One day, Becker was driving home from work when she was in a car accident. She was hit by a drunk driver, and her car was totaled. But miraculously, Becker walked away from the accident with only minor injuries.

Another time, Becker was diagnosed with a rare and potentially fatal illness. She was given only a few months to live. But after undergoing a series of experimental treatments, Becker's cancer went into remission.

These experiences led Becker to question her previous beliefs. She began to wonder if there was more to life than what she could see and touch. She started to explore different religions, and she eventually found her way to Christianity.

A Life of Faith

Since becoming a Christian, Becker's life has been transformed. She has found hope and peace in her faith, and she has dedicated her life to serving others.

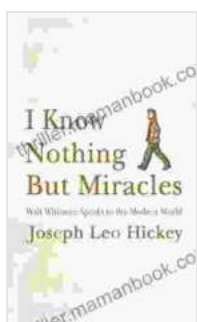

Becker is now a pastor and author. She speaks to audiences around the world about her journey of faith, and she encourages others to believe in the power of miracles.

Know Nothing But Miracles is a powerful and inspiring book that will appeal to readers of all backgrounds. Becker's story is a reminder that anything is possible with God, and it will give readers hope and inspiration to face their own challenges.
